

Drive day operations

Everything you need to run the recruitment portal on the day.

Written for recruiters · desk operators · admins.

What we'll cover

1

Which role are you?

Recruiter • Desk Operator • Super Admin • Email Manager

3

Your dashboard

What each role sees and uses

5

Common scenarios

Skip / recall / no-show / re-issue token

2

Logging in

Same for everyone — email + 6-digit code, no passwords

4

Drive-day routine

Morning prep → during the drive → end-of-day wrap-up

6

If something breaks

Emergency procedures and contacts

Which role are you?

RECRUITER

[/recruiter](#)

You interview students in your assigned room

- *Call next token*
- *Review profile*
- *Capture rating + decision*

DESK OPERATOR

[/admin/queue](#)

You manage the queue and help students at the front desk

- *Watch live queue*
- *Skip / recall students*
- *Mark no-shows*

SUPER ADMIN

[/admin](#)

You oversee the whole drive end-to-end

- *Monitor stats live*
- *Export CSV*
- *Send bulk announcements*

EMAIL MANAGER

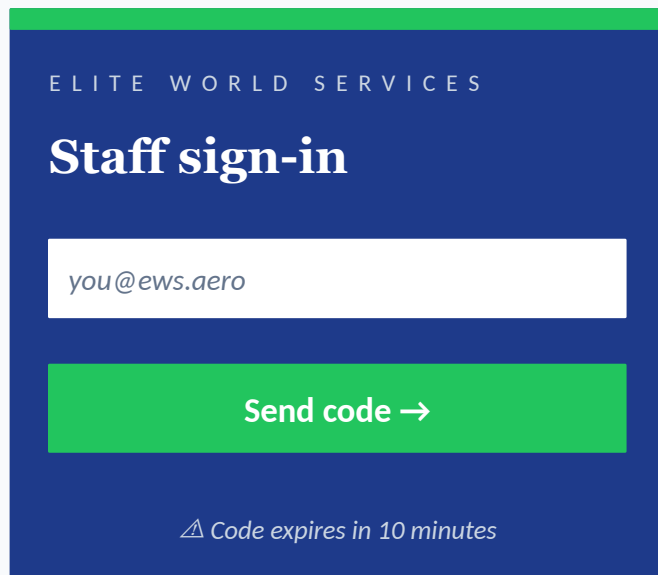

[/admin/emails](#)

You handle student communications

- *Search students*
- *Compose + send bulk emails*
- *Track delivery*

How to log in (same for everyone)

- 1 Open careers.ews.aero/admin/login
- 2 Type the email address you were given
- 3 Click 'Send code' — wait 30 seconds
- 4 Check your inbox (and Spam folder)
- 5 Enter the 6-digit code from the email
- 6 Click 'Sign in' — you're in for 12 hours

The screenshot shows a dark blue login interface for 'ELITE WORLD SERVICES'. At the top, the company name is in white. Below it, 'Staff sign-in' is written in a large, bold, white font. A white input field contains the placeholder text 'you@ews.aero'. Below the input field is a large green button with the text 'Send code →' in white. At the bottom, there is a small warning icon (a triangle) followed by the text 'Code expires in 10 minutes'.

DECISION

Select... ▼

RATING

Submit decision

Capturing the decision

1

Mark as started

When the student sits down, click 'Mark as started'. This starts the interview timer.

2

Review the profile

All form data is on the left. Click 'Open résumé' to view the PDF in a new tab.

3

Pick a decision

Selected · Shortlisted · Hold · Re-interview · Rejected. Each triggers a different email to the student.

4

Rate them 1-5 stars

Click the stars. 5 = excellent. This is private to HR — not shared with the student.

5

Add notes (optional)

Type observations: communication, domain knowledge, concerns. Visible to admin only.

6

Submit decision

Click Submit. Auto-advance is ON by default — next token loads immediately.

Managing the queue

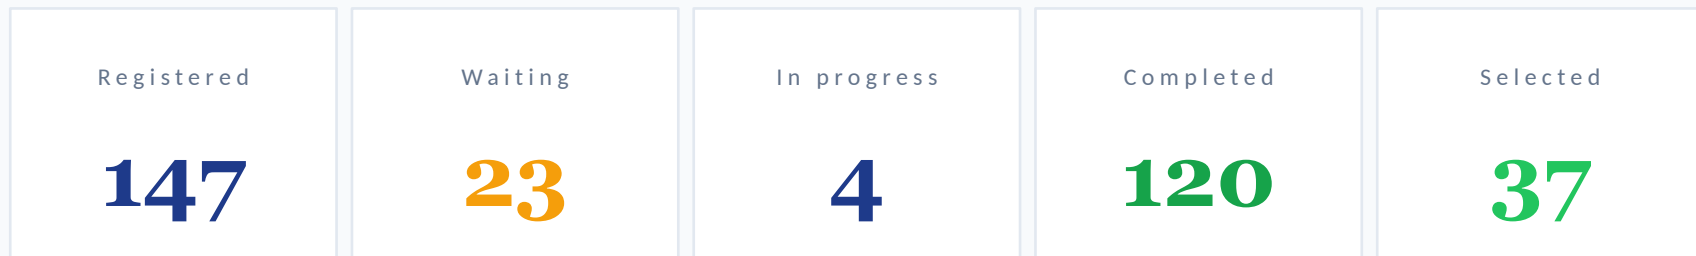

STATUSES YOU'LL SEE

WAITING	Student registered, not yet called	CALLED	Recruiter has called the token
IN PROGRESS	Interview underway	DONE	Interview complete
SKIPPED	Student didn't show — can recall	NO SHOW	Permanently marked absent

YOUR ACTIONS (per row in the queue table)

Skip	When a student doesn't show after being called	Recall	Move a SKIPPED token back to the head of the queue	No-show	Permanent — student is marked absent
-------------	--	---------------	--	----------------	--------------------------------------

Your drive-day dashboard

WHAT YOU'RE LOOKING FOR

Steady progress

Waiting count slowly drops, Completed slowly rises

Queue backup

Waiting > 50 → add more recruiters or pause registrations

Stalled

Completed isn't moving for 15 min → check on a recruiter

Pulling a CSV mid-drive or end-of-day

- 1 Sidebar → click 'Students'
- 2 Use Status filter (Selected / Hold / etc) to narrow
- 3 Use Course / Semester filters if needed
- 4 Click '↓ Export CSV' button (top right)
- 5 Browser downloads a .csv file instantly
- 6 Open in Excel / Google Sheets / send to HR

WHAT'S INCLUDED

- Token number · Registration ID
- Full name · Parent names
- Email · Phone · Gender
- Course · Semester · Specialization
- 10th % · 12th % · Grad CGPA
- 10th + 12th board state
- Address
- Final status (Selected / etc)
- Registered timestamp

Sending announcements to a group

- 1 Open Bulk Email** Sidebar → 'Bulk Email'
- 2 Write subject + body** HTML supported. Keep it short — students read on mobile.
- 3 Pick audience** Status = Selected? Course = BBA? Combine filters.
- 4 Preview audience** Click 'Preview' → see exact count + sample emails.
- 5 Send to audience** Click 'Send' → confirm → sends in batches of 25.
- 6 Check Recent sends** Scroll down to see delivery confirmations.

 **Bulk send cannot be undone. Always click 'Preview audience' first to confirm the count.**

Timeline (sample 9am–6pm)

8:30	ALL STAFF ARRIVE	Coffee • sign in to your screen • pull up your panel
9:00	REGISTRATION OPENS	Desk operator monitors queue • TV display ON • QR codes posted
9:15	FIRST INTERVIEWS START	Recruiters call token #1 • then auto-advance through the day
12:30	LUNCH SHIFT	Pause new registrations • in-flight students finish • resume 1:30
4:00	FINAL CALL	Stop new registrations • finish queue • last interviews at ~5pm
5:30	ADMIN EXPORTS CSV	Super admin grabs final CSV • sends bulk decision emails
6:00	WRAP-UP	All staff log out • TV display OFF • debrief in 15 minutes

What to do when...

- ? **Student doesn't show up when called**
- ? **Skipped student returns 30 min later**
- ? **Student typed a wrong email at registration**
- ? **Display TV freezes / goes blank**
- ? **I forgot which room I'm assigned to**
- ? **I want to send a bulk email to only selected students**
- ? **Final CSV for HR handoff**

Recruiter clicks 'Skip (no-show)' → token marked SKIPPED. Desk operator can Recall later.

Desk operator → /admin/queue → filter 'Skipped' → click Recall on their row. They re-enter the queue.

They register again with correct email. Old (unverified) record is ignored.

Refresh the browser tab (Cmd+R / Ctrl+R). Auto-refresh resumes every 3 seconds.

Sign in at /admin/login — top of screen shows your room badge (e.g. 'Room 1 — Boardroom').

Admin → Bulk Email → Status = SELECTED → Preview → Send.

Admin → Students → click '↓ Export CSV'. Includes all current filters.

Emergency procedures

Site shows 500 error everywhere

→ Vercel dashboard → Deployments → click last green one → 'Promote to production'. Site back in 1 min.

Database errors / 'connection failed'

→ Supabase free tier may have paused. Supabase dashboard → Resume project. Check connection limit.

No OTP emails arriving

→ Resend dashboard → check daily limit (100 free). Check DNS still  green on Resend → Domains.

Critical bug — wrong data showing

→ Vercel → Deployments → previous green build → 'Promote'. Roll back. Then call developer.

Display TV won't load

→ On the TV: open browser → careers.ews.aero/display → press F11 for full-screen.

Two recruiters got the same token

→ Cannot happen by design (atomic locks). If it appears that way, screenshot and call developer.

Do's and Don'ts

✓ DO

- Sign out at end of day
- Refresh TV display if it stalls
- Capture honest decisions + ratings
- Add notes — admin reads them
- Tell desk if you'll be away from your room

✗ DON'T

- Share your login link / code with anyone
- Discuss decisions in front of students
- Skip a candidate without recording why
- Click random buttons to 'see what happens'
- Take screenshots of student PII without need
